

Library Director, Laurie Orton

FROM THE DIRECTOR

As temperatures rise, we say farewell to spring, and hello to summer! And summer is a great time to connect with your Library in some fun and different ways.

We're excited to announce that we've connected with Mango Languages to provide free online access to courses in Spanish, French, Italian, German, Chinese, Japanese, Russian, English for Spanish speakers, and even Pirate! Mango's courses are accessible through the library's website, and focus on teaching conversational skills and cultural knowledge. So connect with another language this summer!

You can also try out our new Rosetta Stone language service for French and Spanish.

Another popular way to connect with us is through the Library's summer reading programs. New themes every year ensure that it's never the same program twice! This year kids will *Fizz, Boom, Read*. Teens will *Spark a Reaction!* And adults will examine *Literary Elements*. Did you spot the common theme for this summer?

Also connect with the Library by coming in to check out your summer books, or connect with the digital eBook and eAudiobook Washington Anytime Library on our website, and download your books easily, 24/7. You're connected to our free digital books no matter where you

are this summer. Connect with Library staff if you'd like help in using your eBook reader.

We are finishing up our first online digital book club through the Washington Anytime Library. It is running from June 3-18. Millions of readers around the world are participating in the Big Library Read of the eBook, *A Pedigree to Die For*. This is the first of 16 titles in the Melanie Travis mystery series by author Laurien Berenson, wherein a missing pedigreed poodle named Beau is the only lead in a potential murder case. Check out your free eBook rental on our website anytime

between June 3rd and 18th. And look for an announcement on our website about joining an online chat with the author. The 17th title in the series comes out in August 2014. Maybe you'll find a connection with a new author!

If you miss your connection to this online book club offering, don't worry. We'll be offering another in just a few months.

Other online resources we hope to offer later this summer are

movies, music, and magazines. Stayed tuned as we establish these new connections for you.

You'll also be able to connect with the Library outside library walls as we join fun community events like the Friday Harbor 4th of July Parade, whose theme this year is "Storybook Heroes." Look for us at this year's San Juan County Fair and connect with the Library while doing a fun interactive activity.

These are just a few ways for you to connect with your Library this summer, so start making your Library connections today!

TRAVELING? FREEZE YOUR HOLDS!

VACATION HOLDS @ THE LIBRARY

You've been waiting and waiting to read that *hot* new book and finally you're #1 in line for it. But suddenly, you need to be off-island and won't be able to get to the Library. Don't want to miss your hold? Why not *freeze* it?

Freezing holds allows you to manage them so they arrive when you want them. A *frozen* hold continues to move up in the Library's hold queue as normal, but when your request gets to #1, your hold won't be triggered until you *un-freeze* it.

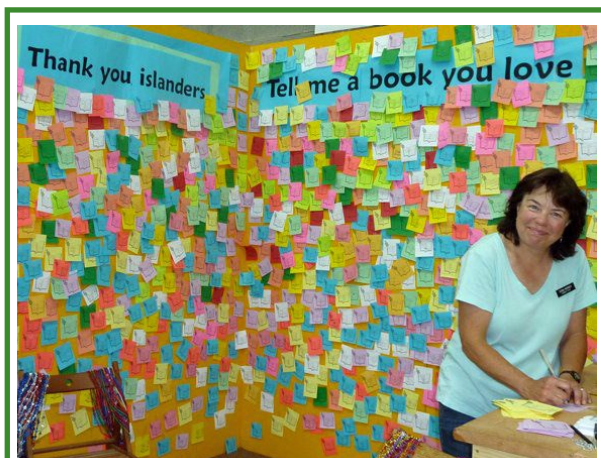

It's easy to *freeze* a hold. On the Library's website at www.sjilib.org, just click on **Your Library Account**. After you've logged in, you'll be looking at a list of your pending holds. Click the **Freeze** checkbox on the right side. Then be sure to click on the **Update List** button.

CANCEL	TITLE	Ratings	STATUS	PICKUP LOCATION	CANCEL IF NOT FILLED BY	FREEZE
<input type="checkbox"/>	<u>The reading promise : my father and the books we shared / by Alice Ozma.</u>	☆☆☆☆☆	1 of 3 holds	Pickup Location Checkout Desk ▼		<input checked="" type="checkbox"/>

Sort by Request Cancel All Update List

To *un-freeze* a hold, click on the **Freeze** checkbox again and the checkmark will go away. Once again, be sure to click on the **Update List** button. Please note that once an item is actually on hold for you and waiting for pick up it is too late to *freeze* your hold. But no worries! Just give us a call or send an email to sjilib@sjilib.org, and we'll put you back in the queue.

So get your hammock ready and grab a cold drink. Then *un-freeze* your holds and let the *hot* summer reads begin. Questions? We're here to help!

Look for us at the Fair! Our booths are always fun, interesting, and a little surprising! Diana helped staff our 2011 booth.

TECH CLASSES @ THE LIBRARY!

Need help with your e-reader? The Library will continue to offer orientation to various e-reader devices like iPads and Kindles this summer. We'll also have classes designed to get you familiar with using computers to access the internet and use email. For detailed information and to sign up, call Beth @ the Library, 378-2798. Need one-to-one assistance? We can help with that, too.

The Summer Reading Program is designed to be a fun, interactive literacy enrichment program. It is free and open to all children, including babies and toddlers. Parents are encouraged to share stories with their little ones as more and more
