

Get started with eBooks from your library

All you need to borrow eBooks from your library is an internet connection and a library card.

If you're using a tablet or smartphone, you may want to download OverDrive's free mobile app, OverDrive Media Console™, to easily find and save your library's OverDrive website and to download and enjoy borrowed eBooks on your device.

Get the app from your app store or from <http://omc.overdrive.com> for these popular devices and platforms: Android™, BlackBerry®, iOS (iPhone®/iPad®/iPod® touch), Windows® Phone, Kindle® Fire tablets, Kobo™ tablets, and NOOK® tablets.

Borrow eBooks with one click

If you're using a tablet or smartphone, use the app's **Add a Library** (or **Get Books**) feature to find and save your library's OverDrive website. On any device with a browser, you can also go directly to your library's site at:

Once you find an eBook to borrow on your library's site, click **Borrow** and enter your library card information. You've now borrowed the eBook—that's all there is to it.

Read in your browser with OverDrive Read

The easiest way to start reading a borrowed eBook is to use OverDrive Read (if available). OverDrive Read lets you read eBooks right in your browser—no extra software or login required.

Simply click **Read** next to a borrowed eBook to begin reading.

For more information, visit <http://readinfo.overdrive.com>

Download other formats to your computer, tablet, or smartphone

You will also see download options on your library website next to each of your borrowed eBooks:

- **On tablets or smartphones:** Use OverDrive's free mobile app to download EPUB eBooks* directly to your tablet or smartphone.
- **On Windows or Mac:** Use free Adobe® Digital Editions (ADE) software to read EPUB and PDF eBooks to your computer and transfer them to supported eBook readers.* Download ADE at www.adobe.com/products/digitaleditions
- **On Windows 8 or RT:** Use OverDrive Media Console (OMC) for Windows 8 to download EPUB eBooks* to your Windows 8 or RT device.
- **For Kindle Books:** In the US, you can download Kindle Books to your Kindle device or reading app. If you select the Kindle Book option, you'll be taken to Amazon's website to complete download.

*What is an Adobe ID and how do I get one?

An Adobe ID allows you to read Adobe EPUB eBooks in our app and to transfer eBooks from your computer to supported eBook readers. Follow the one-time prompt on your computer or device to create a free Adobe ID and complete authorization.

Need more help?

For more help, including device-specific instructions, how-to videos, and a link to contact support, visit the **Help** section on your library's OverDrive-powered website.
