

The Return of the New Item Lists!

Written by Laurie Orton, Library Director

This may sound like the title of a 1950s horror flick about an alien invasion, but it's not! These lists have been one of our most popular requested services, and now they're back. For those of you who like to see what new materials the Library has added to the collection, these lists are for you.

These "New Item Lists" are found on the Start Page of our online catalog at catalog.sjilib.org/polaris. The easiest way to get there is by clicking on the blue "[Library Links](#)" tab at the top of any catalog page. If you're starting from our library home page at www.sjilib.org/ just click on the "Library Catalog" link on the left-hand side of the page.

There are 12 lists to explore including New Adult Fiction and Books on CD, New Large Print, New Teen DVDs and New Picture Books. They are sorted first by publication date so the newest items appear first, and second alphabetically by title. There are lists for all ages, and they're all recently published or produced materials.
