The San Juan Island Library is proud to launch their new website!

Heading into a brand new year seemed like a good time to do some revitalizing at San Juan Island Library and what better way than to update our public 'face' - our website?

Our aim is to retain the functionality of the old site with some additional areas of interest to our patrons. The new website is more streamlined, has a more modern, eye-catching appearance, and offers a wider range of information, easily available at your fingertips.

Translation is available on each page, with quick links and frequently used pages being prominently displayed.

You will hopefully find it a more interactive and personal website experience. We added staff information as an invitation to know us better.

The new site includes:

- Staff bios (make sure you hover on the pictures) and reading interests
- Board of Trustees bios
- Enhanced and expanded Friends of the Library pages with Board of Directors information
- Carousels of new items in the collection
- A Library Value calculator to help you see how much money you save by utilizing our wonderful Library as a resource
- A page for our Spanish community
- A Reading Room with reviews, links, lists and book groups
- Library publications including our newsletters, columns, brochures and application forms

We hope you enjoy exploring the site!

Leslie Baker

Assistant Director

San Juan Island Library
