FOR IMMEDIATE RELEASE

June 21, 2023

## **Nature's Mysteries: Foxes and Rabbits; Life on the San Juan Prairie**

*(Friday Harbor, WA) – June 21, 2023 –* The San Juan Island Library is partnering with the San Juan Island National Historical Park to bring you Nature's Mysteries: a four-part topical program focused on your national park!

In this second installment, we'll be talking about some of the most captivating island residents: foxes and rabbits. These animals make their homes in close proximity to one another in the American Camp prairie as they have done since the early 20th century, and both are interesting and complex creatures. Join us as we take a look at these island neighbors, their histories, and their interactions.

This is a hybrid event happening on Thursday, July 13th at 7:00 PM; join us in person at the Library or on Zoom. If you wish to attend online, please register using the Library's online events calendar at [www.sjlib.org](http://www.sjlib.org), or contact Frankie Thomas at [fthomas@sjlib.org](mailto:fthomas@sjlib.org).
