Eclipses Explained with Planetary Scientists

(Friday Harbor, WA) – September 28, 2023 – What's an annular eclipse, and how is it different from others? Join Vicky Hipkin and John Rummel, island residents and planetary scientists, as they bring us to the intersection of the science and history surrounding these phenomena, and provide an in-depth demonstration and Q&A to answer your burning questions before the upcoming annular eclipse! This event will take place at the Library on Wednesday, October 11th at 7 PM.

The Library will also be partnering with Island Rec to host a viewing party for the eclipse on Saturday, October 14th from 7:30-11 AM at Linde Park. Join us for a warm drink, baked goods, and
